

## State PST Exam Mock Test 3

1. The first 9-1-1 call made in 1968 was initiated in which state?
  - a. Alaska
  - b. Arkansas
  - c. Alabama
  - d. Florida
  
2. Guidelines for testifying in court include all of the following except: (2.09)
  - a. Refresh your memory. Listen to the 911 call and other recordings and review the CAD notes
  - b. Dress appropriately (no jeans or casual clothing)
  - c. Use proper titles
  - d. Provide all the information you know
  
3. As required by the ADA, communications centers are required to conduct TDD training: (3.05)
  - a. Biannually
  - b. Annually
  - c. Monthly
  - d. Quarterly
  
4. Differences in culture, backgrounds, lifestyles, and generational differences refers to: (4.11)
  - a. The communications cycle
  - b. Human Diversity
  - c. Decision making
  - d. Call Classification
  
5. Which of the following is a telephone technique that should be used by a call taker for obtaining and organizing pertinent information? (6.01)
  - a. Ignoring the caller
  - b. Arguing with the caller when needed
  - c. Filling gaps of silence by humming or other noises
  - d. Listen to background noises
  
6. Confidential information includes all of the following except: (2.07)
  - a. Name of a 911 caller
  - b. Description of a suspect vehicle
  - c. Telephone number of a 911 caller
  - d. Patient care information

7. In 1999, what law took effect establishing 911 as the national emergency phone number? (1.01)
  - a. The Wireless Communications and Public Safety Act (911 Act)
  - b. The American Communications and Public Safety Act (911 Act)
  - c. The Global Communications and Public Safety Act (911 Act)
  - d. The Wireless Communications and Emergency Contact Act (911 Act)
  
8. Florida's Silver Alert Plan was made effective by an executive order in:(8.11)
  - a. July, 2000
  - b. October, 2008
  - c. August, 2000
  - d. December, 2005
  
9. A person whose body is unable to regulate blood sugar is: (9.01)
  - a. Hypertension
  - b. Hypothermia
  - c. Seizure
  - d. Diabetic
  
10. Property or structures in close enough proximity that can be damaged by smoke, heat, or flames. (10.01)
  - a. Alpha/Bravo/Charlie/Delta
  - b. Reverse lay
  - c. Exposures
  - d. Fire out
  
11. All of the following are basic precautions to be taken to protect one and others in hazardous materials incidents except: (10.07)
  - a. Establish a perimeter for an evacuation zone or safe zone
  - b. Make contact with the product to determine if it is harmful
  - c. Establish decontamination areas
  - d. Evacuate if necessary
  
12. Florida gives \_\_\_\_\_ the responsibility of maintaining emergency management programs at the county level. (11.01)
  - a. SERT
  - b. Each of the 67 counties
  - c. TERT
  - d. LEPC

13. A \_\_\_\_\_ is an event that has the potential to create significant human distress and can overwhelm one's usual coping mechanisms. (12.02)
- Critical incident
  - Stressor
  - Compassion fatigue
  - Eustress
14. Tracking responders is a primary responsibility of: (1.03)
- Call Takers
  - Quality Improvement Personnel
  - Dispatchers
  - Field Training Officers
15. The Health Insurance Portability and Accountability Act of 1996 was designed to protect patients from disclosure of \_\_\_\_\_ that is oral, written or electronic. (2.05)
- Shot records
  - Protected Health Information (PHI)
  - Criminal histories
  - 911 records
16. The three types of service radios include: (3.07)
- Handheld radio, tower radio and home station
  - Handheld radio, mobile radio and base station
  - Mini radio, portable radio and base station
  - Mobile radio, handheld radio, and home station
17. Something that is known to exist or has happened is a(n): (4.09)
- Inference
  - Fact
  - Conclusion
  - Guess
18. What are the 6 W's of information gathering? (6.01)
- Where, What, When, Who, Weapons, Which
  - What, Where, When, Who, How, Whatever
  - Where, What, When, Weapons, Who, Why
  - What, Where, When, Wanted, Weapons, How
19. A 911 caller's cell phone number may not be released due to the: (2.07)
- Right to Know Law
  - Freedom of Information Law
  - Public Records Law
  - Public Information Law

20. Which of the following is not important to adhering to dress codes and personal hygiene? (1.06)
- Always wear name brand shoes
  - Uniforms should be clean and pressed
  - Make-up should be conservative and appear natural
  - Hair should be neat and clean
21. The age criteria for activation of the Amber Alert is (8.11)
- 18 years of age and older
  - 18 years of age and under
  - Under 18 years of age
  - 12 years of age and under 22.
22. ETOH is: (9.01)
- A needle inserted in a vein to administer fluid
  - An electrocardiogram that checks for problems with electrical activity of the heart
  - Used to describe an intoxicated person
  - A specified ground area for landing a helicopter
23. Basic fire apparatus that has a self-contained pump used for pumping water through hoses to extinguish the fire. (10.04)
- Fire Boat
  - Engine
  - Brush truck
  - Rescue
24. The two main sources of hazardous materials identification are: (10.09)
- FEMA and CHEMTREC
  - National Fire Academy
  - National Shipper's Service
  - CHEMTREC and the Department of Transportation Emergency Response Guidebook (DOT ERG)
25. The National Response Framework (NRF) works in conjunction with: (11.03)
- NIMS - National Incident Management System
  - DOF - Division of Forestry
  - DHS - Department of Homeland Security
  - DOT - Department of Transportation
26. Cognitive stress indicators include all but which of the following: (12.03)
- Crying
  - Difficulty concentrating
  - Denial
  - Memory impairment

27. What type of impact do employee absences have on a communications center? (1.05)
- Decreases cost
  - Lessens workload
  - Boosts morale
  - Lowers morale
28. Shaking is a symptom of which type of stress? (12.03)
- Cognitive Stress
  - Emotional Stress
  - Behavioral Stress
  - Physical Stress
29. The abbreviation ALI stands for: (1.02)
- Automatic Location Identifier
  - Attempt to Locate Individual
  - Automatic Language Identifier
  - Attempt to Locate Information
30. A conscious effort that requires the listener to understand and interpret what is being heard by showing interest in what the speaker is saying to ensure mutual understanding is called: (4.04)
- Active Listening
  - Considering
  - Monitoring
  - Receiving
31. A caller may have multiple complaints but a call should be classified according to: (5.03)
- The first thing the caller says
  - The issue with the highest priority
  - Whatever the caller is most upset about
  - Law enforcement call types
32. Multi-functional dexterity can be defined as: (6.07)
- the act of performing uncomplicated tasks with ease and comfort
  - An individual's struggle to overcome the complexity of his or her job responsibilities
  - The successful simultaneous performance of two or more tasks by one individual
  - The act of successfully completing one task at a time with accuracy
33. The principles of honor, morality and accepted rules of conduct that govern an individual or group are? (2.01)
- Professionalism
  - Integrity
  - Ethics
  - Duty

34. The following are considered unethical acts except: (2.02)
- Dishonesty
  - Giving false or slanted testimony
  - Gambling
  - Discrimination
35. TDD is an abbreviation for \_\_\_\_\_. (3.03)
- Telecommunications Device for the Disabled
  - Telephone Device for Deaf
  - Telecommunications Device for the Deaf
  - Telephone Device for the Disabled
36. A person with good interpersonal skills is more valuable and productive to the agency and the: (4.02)
- Public
  - Boss
  - County commission
  - Attorneys
37. \_\_\_\_\_ help sort between incident types, classification, and prioritization, making it easier for the dispatcher to identify emergency versus routine incidents. (5.01)
- FEMA Leaders
  - CAD programs
  - Fire fighters
  - 911 phones
38. \_\_\_\_\_ may sometimes be pertinent to the response as it could affect responder safety. (6.01)
- Quotes
  - Guesses
  - Music
  - Transfers
39. Notification techniques for the various alert programs include all but: (8.11)
- Dynamic message signs
  - Gas pumps
  - Mass notification systems
  - U.S. Mail
40. It is imperative to remain calm and manage the situation, not the: (4.01)
- Supervisor
  - EMT
  - Personality
  - Emotions

41. A situation that does not require immediate response: (5.04)
- Non-emergency incident
  - Non-priority incident
  - Emergency Incident
  - Priority Incident
42. The three phases of a barricaded subject are: (8.07)
- Initial, negotiation, termination
  - Initial, containment, termination
  - Observation, containment, termination
  - Fantasy, containment, termination
43. Deliberately doing harm to oneself that results in injury or the potential for injury or death: (8.07)
- Suicide attempt
  - Battery
  - Suicide threat
  - Assault
44. PST's need to be aware of officer safety issues \_\_\_\_\_. (8.09)
- When not on break
  - Listed in the guide
  - At every scene
  - When several subjects are involved
45. A \_\_\_\_ digit numbering system was established to identify hazardous materials. (10.09)
- 3
  - 4
  - 5
  - 6
46. The five major functional areas to facilitate activities in a typical Incident Command System (ICS) structure are: (11.03)
- Command, Orientation, Preparedness, Logistics, Finance/Administration
  - Command, Operations, Provision, Logistics, Finance/Administration
  - Command, Orientation, Planning, Logistics, Finance/Administration
  - Command, Operations, Planning, Logistics, Finance/Administration
47. All of the following are indicators of behavior stress except: (12.03)
- Changes in ordinary behavior patterns
  - Changes in eating
  - Questioning
  - Decreased personal hygiene

48. The Federal Emergency Management Agency (FEMA) is an agency of: (11.01)
- The Federal Aviation Administration (FAA)
  - The Division of Emergency Management (DEM)
  - The Department of Homeland Security
  - The National Transportation Safety Board (NTSB)
49. All of the following are duties of law enforcement except: (8.02)
- Stabilize dangerous situations
  - Discipline children
  - Investigate and document incidents and crime
  - Enforce court orders
50. All of the following are a responsibility of an EMT and Paramedic except: (9.04)
- Administer emergency care
  - Assess the nature and condition of the patient's injuries
  - Deliver prescription medications
  - Respond to fire, chemical and medical emergencies
51. A status called by incident command when the situation is no longer escalating: (10.01)
- Primary search
  - Under control
  - Fire out
  - All clear
52. All of the following are a typical location in the community where hazardous materials are stored, transported, used or disposed except: (10.08)
- Airports
  - Power plants
  - Trains
  - Classrooms
53. Florida gives the \_\_\_\_\_ the responsibility of maintaining a statewide emergency management program. (11.01)
- Division of Emergency Management
  - Division of Environmental Management
  - Division of Emergency Protection
  - Division of Environmental Protection
54. A unique stressor to the telecommunicator is: (12.02)
- Being yelled at by callers
  - Co-workers bickering
  - They take on others' problems
  - Uncomfortable chairs

55. A call that “just occurred” is: (5.04)
- An event that is currently taking place and requires an immediate response
  - The event has been committed and there is no immediate threat to life or property
  - An incident that has already occurred and is over
  - An incident that will always require a report
56. A non-invasive level of emergency medical care provided by emergency medical technicians (EMT) and paramedics used to treat patients with illness and injury: (9.03)
- Advanced Life Support
  - Mass Casualty Incident
  - Intravenous infusion
  - Basic Life Support
57. All of the following are fire emergency calls except: (10.03)
- Structure Fires
  - Fire Alarms
  - Train incidents
  - Diabetic episode
58. A subset of terrorism in which terrorist groups participate directly in the cultivation, manufacture, transportation, or distribution of controlled substances and monies derived from these activities (11.02)
- Cyberterrorism
  - State terrorism
  - Nuclear terrorism
  - Narcoterrorism
59. The five phases of an active shooter are: (8.07)
- Fantasy, planning, preparation, approach, implementation
  - Initial, preparation, negotiation, planning, termination
  - Observation, preparation, planning, approach, termination
  - Observation, preparation, containment, approach, termination
60. An unexpected situation which may cause injury, loss of life, or damage to property: (10.05)
- Emergency
  - Non-Emergency
  - Public assist
  - Unknown incident
61. Which of these is not one of the five types of normal stress reactions? (12.03)
- Cognitive
  - Emotional
  - Physical
  - Stressor

62. The three phases of a hostage situation are: (8.07)
- Planning, preparation, approach
  - Observation, containment, termination
  - Initial, negotiation, termination
  - Fantasy, planning, approach
63. The Detroit Police Department used the first one-way radio communications in 1928. (1.01)
- True
  - False
64. A primary PSAP directly receives 911 calls. (1.02)
- True
  - False
65. Bunker gear is a location away from the scene where units wait for their assigned position. (10.01)
- True
  - False
66. For the PST, civil or criminal liability may come about as the result of misconduct or negligence of duty. (2.04)
- True
  - False
67. CHEMTREC is a 24/7/365 emergency call center that provides immediate information and assistance to anyone involved in a chemical or hazardous material incident around the globe. (10.09)
- True
  - False
68. PST's are permitted to use personal data and case information for personal reasons. (2.04)
- True
  - False
69. The telecommunicator's role in firefighting is limited to relaying pertinent information. (10.10)
- True
  - False
70. Criminal liability cannot result in imprisonment. (2.04)
- True
  - False
71. Next Generation 911 (NG911) allows communication through text, pictures, and video. (1.02)
- True
  - False

72. The Telecommunicator should follow the Emergency Response Guidebook (ERG) for a particular substance based on the placard number. (10.09)
- a. True
  - b. False
73. FCIC is based in Clarksburg, West Virginia. (3.09)
- a. True
  - b. False
74. NLETS is a computerized high speed message switching system created for and dedicated to the criminal justice community. (3.09)
- a. True
  - b. False
75. CVA - Cerebrovascular Accident – is also known as a laceration. (9.01)
- a. True
  - b. False
76. AMBER Alerts are investigative tools to help locate missing elderly persons. (8.11)
- a. True
  - b. False
77. The number of people involved in an incident is a scene safety issue for both primary and secondary response units. (10.01)
- a. True
  - b. False
78. As a public servant, a PST is held to a higher standard of professionalism. (1.04)
- a. True
  - b. False
79. Domestic terrorism is defined as terrorism practiced in one's own country against foreigners. (11.02)
- a. True
  - b. False
80. The PST should have ability to anticipate problems and be prepared with possible solutions. (4.05)
- a. True
  - b. False
81. Assault is any actual and intentional touching and striking of another person against that person's will, or the intentional causing of bodily harm to another person. (8.01)
- a. True
  - b. False
