

State of Florida Department of Health
Public Safety Telecommunicator
WORKSHEET 1

The below worksheet is based off the DOH study guide dated 07/01/2017. This worksheet should be used as a guide to help learn the material within it in preparation for the state exam. This worksheet does not cover all elements of **Chapter 10**. When preparing for the state exam, the state study guide is the primary resource.

Chapter 10: Understand the basic principles of fire services and dispatch processes

1. List and define ten (10) commonly used terms in fire service not including any of the incident command system (ICS) terms.

2. List and define five (5) commonly used terms in the Incident Command System.

3. List five (5) main functions of firefighters.
